TILE  
COMPETITION

**Twentieth Anniversary**

The Ceramics of Italy Tile Competition is an annual celebration of design and architecture, sponsored by Confindustria Ceramica, the Italian Association of Ceramics and the Italian Trade Commission. The competition honors the exceptional work of North American architects and designers who feature Italian ceramic tiles in their commercial, institutional and residential projects. From corporate headquarters with ventilated porcelain facades to hospitals utilizing antibacterial ceramic floors and summer homes featuring decorative ceramics, the projects featured are inspiring examples of great design with ceramics. Winners range from large firms to emerging design practices. This year we are celebrating our 20th Anniversary of this prestigious award program. In honor of this milestone, we have created a special 20th Anniversary exhibit.
